(4) Before the race begins, participants have been informed of the course layout, the elevation profile and the other requirements of the event. In particular, all participants are offered **ONE** personal course inspection before the race starts.

(5) Every participant is aware that taking part in the race is entirely voluntary and that it is up to each participant alone to decide on race day whether to complete the race.

(6) Each participant is solely responsible for checking the suitability of the equipment required for participation (in particular skis, poles, helmet, back protector and the like) and for subjectively assessing their state of health on race day.

(7) By signing these terms and conditions, each participant declares that they are **fully aware of the inherent risks of skiing associated with participation in the event, and in particular of the special risks of taking part in a ski race**, and that they therefore take part in the event **AT THEIR OWN RISK AND PERIL**.

(8) By signing these terms and conditions, each participant declares that they are fully aware of the dangers of speed and gravity. Each participant expressly acknowledges that attempting to achieve competitive results places strain on the body and that certain movements or actions cannot always be anticipated or controlled and therefore cannot always be avoided or prevented by safety measures.

(9) Accordingly, each participant confirms that they are aware that taking part in the event involves inherent risks that may endanger physical integrity and, in extreme cases, even life.

(10) In this context, each participant confirms that they have been expressly informed that the length of the race (approx. 6.2 km) and the vertical meters to be covered (approx. 920 m), with an estimated race time of approx. 4–10 minutes, are associated with **special physical and mental demands**.

§ 3 Registration, Participation Fee (Start Fee), Payment Terms, Registration Deadline, Exclusion from the Event

(1) Registration is possible exclusively via the organizer's homepage at **https://www.stubai.at/stubai-wild-ride/registration**. The registration deadline is Tuesday, 06.04.2027, 11:59 p.m. – or earlier if the maximum number of participants is reached (“sold-out status”)

(6) The organizer and the jury may exclude participants from the event and/or terminate the contract with the participant, in particular if they

- violate the regulations and/or the rules and other instructions (before or during the event),
- seriously disturb the event or endanger themselves or others,
- do not meet the physical and/or ski-technical requirements,
- do not follow instructions from the event management, the jury or staff,
- otherwise behave in breach of contract or improperly, such that immediate termination of the contract is justified.

(7) If the contract is terminated by the organizer for any of the reasons stated above, the entitlement to the full participation fee (start fee) remains unchanged.

(1) Bib numbers will be issued on Friday, 09.04.2027, between 09:00 and 12:00 and between 14:00 and 18:00 at the Tourismusverband Stubai Tirol (Stubaitalhaus 3, 6167 Neustift). In addition, bib numbers will be issued on Saturday, 10.04.2027, at the base station of the 3S Eisgratbahn (Stubai Glacier) from 05:30 to 07:00. Outside these times, **NO ISSUE** is possible. (2) The exchange or transfer of assigned bib numbers between participants is **prohibited** and results in the immediate **disqualification** of all participants involved.

(3) The race starts on 10.04.2027 at approx. 09:00 a.m. at the Wildspitz lift mountain station at the Stubai Glacier. ***Note*****:** *Changes to the* ***start time*** *are reserved****.***

(4) The start order (start list) will be published online at www.stubai-wild-ride.com in good time before the event begins.

(5) A pre-start area will be set up at the **RESTAURANT JOCHDOHLE**. Participants will be called early enough to move from this area to the immediate start area. The pre-start area is mandatory for all participants as the assembly point before the start.

(6) All participants have the right to **ONE-TIME INSPECTION** of the course on the day of the event. For this, the **BIB NUMBER MUST BE WORN ON THE BODY**. It is noted that, to enable course inspection, the Stubai Glacier cable cars will start operating for participants before their regular opening hours on 10.04.2027. A **race-style run** of the course during the inspection will lead to **DISQUALIFICATION**.

(7) Timing is carried out via chip, which is issued at the bib number collection and must be returned after crossing the finish line. Chips that are not returned will be invoiced at EUR 60.00 each.

(8) The official finish closes at 2:00 p.m. or half an hour after the start time of the last participant. At the close of the finish, all participants must have crossed the finish line and returned their chip at the finish.

§ 5 Race Rules; Permissibility of Overtaking During the Run

(1) Wearing a helmet is mandatory without exception for participation in the race. Only helmets conforming to EN 1077 may be used. Bicycle helmets, touring helmets, etc. are prohibited. **Attachments to the helmet** (e.g. cameras, lamps, mounts) **are prohibited**. A back protector is recommended.

(2) There is an absolute ban on drugs and alcohol (0.00 per mille).

(3) If the starter (start committee) identifies that a participant is impaired (alcohol, drugs, etc.) or is not carrying the required equipment (especially a helmet), they have the right to refuse the participant the start. The start fee will NOT be refunded.

(4) Participants acknowledge that **the race is held with start intervals** and that it is expressly permitted to overtake preceding participants during the race / during the descent. (**NON-OBSTRUCTIVE OVERTAKING IS PERMITTED**, provided other participants are not obstructed, endangered or pressured.)

(5) Each improper run through a course section or gate results in the addition of **15 penalty seconds** per error to the finish time.

(6) After a fall, the race may be continued. Before resuming, it must be ensured that other participants are not obstructed. However, the finish must be crossed with both skis. Stopping without a valid reason is not permitted.

(7) Weather and course conditions may change during the event. With so many participants, the surface is heavily stressed and changes noticeably. Overtaking and being overtaken can therefore become particularly dangerous.

(8) The course marshals are equipped with **YELLOW and RED FLAGS**. When **yellow flags** are waved, participants on the course must ride **within visual range** and adjust their speed to obstacles or hazards ahead.

(9) When **red flags** are waved, the run must be **stopped immediately**! At the same time, a **start-stop** is called on site. In this case, a restart is possible unless a permanent obstacle prevents the race from continuing.

(10) All participants have been expressly informed that **the use of drones for video recording is strictly prohibited without exception** for safety reasons, and they declare that they will also pass on this prohibition to third parties (family members, acquaintances of the participants).

(11) Results are shown live (unofficial results) on the internet at https://www.stubai.at/stubai-wild-ride//. Complaints must be lodged **within 30 minutes** after the last racer at the race office in the finish area, together with payment of a **protest fee of EUR 100.00**. The complaint requires a precise statement of the grounds for protest and evidence (witness / gate judge / video).

(12) To be able to accept prizes, participants **MUST** be present at the prize ceremony. Start lists and results lists are also available at www.stubai-wild-ride.com.

(13) Entering the course is strictly prohibited, including for participants who have already reached the finish.

(14) If a participant leaves the course by withdrawing, they must report to the next course marshal, hand in the timing chip for checking, and may no longer ride the remaining race course while the race is ongoing.

§ 6 Cancellation of the Event and Non-Participation

(1) If the event or individual course sections are cancelled due to force majeure (especially weather-related), or if the race is not started or is aborted for reasons the organizer is not responsible for, the participant has **NO ENTITLEMENT** to a refund or pro-rata refund of the participation fee (start fee), nor to compensation for other damages or frustrated expenses such as travel or accommodation costs, etc. **This also applies if participation is not possible for health reasons (e.g. illness, injury)**.

(2) If a registered participant does not appear at the start or declares their non-participation in advance, there is **no entitlement to a refund** of the participation fee (start fee).

§ 7 Exclusion of Liability

(1) By registering for the event, the participant declares, binding and without further review by the organizer, that all objective (in particular age, equipment) and subjective (in particular ski-technical and physical abilities) requirements for participation in the event are met and that each participant is familiar with the event and its regulations.

(2) Claims for damages or liability against the organizer in connection with the absence of the subjective and objective participation requirements are in any case excluded.

(3) By signing, the participant declares that they are aware of the dangers inherent in practicing the sport and in taking part in a ski race, and that they act at their own risk and peril. (5) The organizer assumes no liability for valuables, clothing and equipment.

(6) In addition to taking out **accident insurance**, participants are strongly advised to take out private travel health insurance that includes helicopter rescue and repatriation transport.
