PANORAMA RESTAURANT KREUZJOCH: THE BEST VIEW FOR EXPERIENCING JOY

Look forward to sampling the delights of the new Panorama Restaurant Kreuzjoch, located right next to the Kreuzjochbahn mountain station. You'll be captivated not only by the stunning panoramic views but also by the diverse range of traditional dishes on offer.

Opened in December 2024, the new Panorama Restaurant Kreuzjoch has since become a popular refreshment stop for winter sports enthusiasts enjoying the Schlick 2000 ski resort. This ground-level, accessible venue accommodates up to 200 guests and blends the charm of a traditional Tirolean hut with modern architectural design. The area for accommodating guests includes both a table-service restaurant and a self-service section, forming the basis of the restaurant's culinary concept.

Winter sports enthusiasts can savour traditional Tirolean specialities and recharge for an exhilarating day spent in the Schlick 2000 ski resort, whether on the spacious sun terrace with its glass-enclosed indoor and outdoor bar or within the stylish interior.

The terrace offers sweeping panoramic views of the Stubai valley, encompassing the Serles, the Elfer and the Habicht mountains, as well as the striking Kalkkögel mountain range, visible from every vantage point.

The dishes embody a fusion of modern indulgence and traditional hut fare – authentic, high-quality and crafted with care.

IMPORTANT INFORMATION ABOUT YOUR SKI PASS

- The ski pass is non-transferable.
- The ski pass must be presented or handed over to cable car personnel upon request.
- Lost ski passes will be replaced on presentation of proof of sale and for a handling fee.
- Forgotten passes will not be replaced.
- Claims made after the fact will not be accepted!
- ID requirement: The age of children, youths, and seniors or other reasons for obtaining a discounted ski pass must be proven upon request with an appropriate photo ID when purchasing tickets as well as upon admission. Please understand that without identification neither free tickets nor discounts can be granted.
- Controls after the turnstile/at the lift entrance: Guests in this area are in the control zone. Here, passes must be presented to the cable car personnel or control bodies on request and handed over if required. In the event of refusal to allow access to the data, the data carrier may be blocked and access denied. Guests found within the control zone without a pass or with an invalid pass are subject to fine. Misused passes shall be confiscated without replacement. Those without a valid ski pass will be subject to a fine of €40.00 in addition to the purchase price of a day pass from the respective service provider.
- Contactless check-in: Ski passes are issued exclusively on KeyCards. The deposit fee is €2.00. Undamaged and functional KeyCards can be returned at all points of sale and at the return machines.
- The tariff and transport regulations as well as the general terms and conditions of the respective cable car apply. All prices include VAT. We reserve the right to change rates!
- The individual services to which this pass entitles the holder at the four Stubai valley ski resorts are provided by legally independent businesses. Business owners who sell the passes only act as an agent for the other business owners. Therefore, only the respective business is obliged to provide the individual services and to compensate for damages in the event of any incidents.
- Use of the cable cars for night tobogganing is not included with the ski pass.

SKI PASS REFUND

In the event of a sports accident, the ski pass must be deposited immediately at one of our ticket offices. A medical certificate from a local doctor can be provided by the following day. The days of use shall be deemed to be the days from the date of issue to the date of return of the ski pass. Reduced-rate day tickets, and one-day tickets are not refundable. Only the ski pass of the injured person will be reimbursed. The cable car terms and conditions of carriage do not provide for ski passes to be refunded or extended if the cable cars cannot be operated due to force majeure (e.g. storm, avalanche danger, government-ordered closure, etc.).

IF YOU DECIDE TO VENTURE OUTSIDE OF THE SIGNPOSTED, OPENED SLOPES, YOU WILL BE IN UNSECURED, OPEN TERRAIN AND FULLY RESPONSIBLE FOR YOUR OWN SAFETY.

Please be sure to observe the barriers. Take note of warning signs (danger of avalanches and glacial crevasses) and the orange warning light near the panorama panels.

GROOMING OF SLOPES

All opened slopes are groomed every night. When it snows, they are groomed again in the morning. In case slopes need to be groomed during opening hours, there is a risk of collision between skiers and the snow groomers. Therefore, grooming operations in the daytime only take place when strictly necessary. Additional grooming runs do not fall into this category. Observe the groomers' warning light and horn and keep a safe distance. In fresh snow, moguls inevitably appear over the course of the day. We thank you for your understanding.

WINCH GROOMING

Some slopes are prepared with the winch. As a result, the cable dragging the groomer up crosses the slope. Please be aware of all barriers. The slopes are closed from 4:30pm to 8am every day. During those hours, no protection measures are in place! There is a risk of injury from grooming equipment and the grooming process: snow groomers, snow cannons, ruts, winch ropes, uncovered cables and the hoses from the snowmaking system. When night skiing, follow the instructions at the respective resort.

SNOWMAKING

Be aware of the snow-making system and the snow cannons throughout the entire area. Anywhere around the snow cannon, visibility may be lower and the snow quality may be different.

PLEASE FOLLOW THE 10 FIS RULES OF CONDUCT FOR THE SLOPES AND SNOWPARKS IN ALL SKI RESORTS! THE GENERAL TERMS AND CONDITIONS APPLY AS PUBLISHED.
