BIG FAMILY SLALOM AND CAROUSEL

You can practice cornering at the BIG Family Slalom as soon as you get off the Kitzlift. If you need a little break from skiing, take a cosy seat in the rubber tyres of the snow carousel and take a few trips around. Magic carpet 1 is available to all beginners' children.

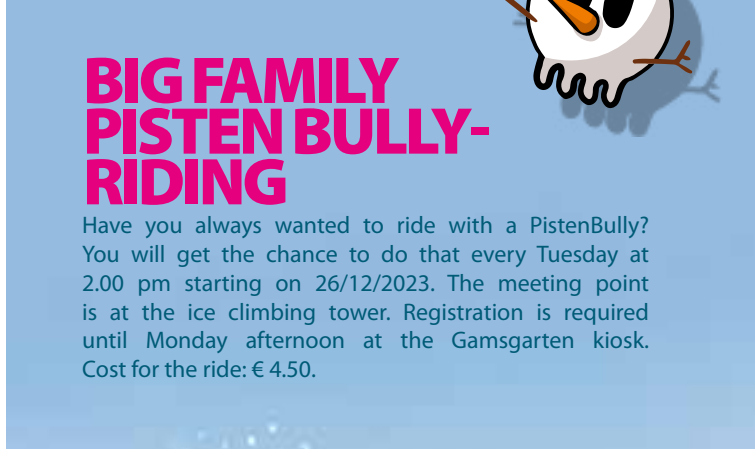

BIG FAMILY FUN SLOPE

From December, follow Bommel and Zottel on the 1,000 metre long course along piste 1b through a tunnel and over wave runs and jumps. A "high five" with Zottel is a highlight!

WINTER SNOWPARK

The Slopestyle Line is the ideal place for the first moves and tricks in the snow park with easy obstacles and small jumps for the slopestyle stars of tomorrow. Open from December to April.

BIG FAMILY PISTEN BULLY-RIDING

Have you always wanted to ride with a PistenBully? You will get the chance to do that every Tuesday at 2.00 pm starting on 26/12/2023. The meeting point is at the ice climbing tower. Registration is required until Monday afternoon at the Gamsgarten kiosk. Cost for the ride: € 4.50.

MAMMOTH PHOTO POINT

The six-metre wooden mammoth promises impressive pictures for you and your whole family against the backdrop of an impressive glacier scenery at the Gamsgarten. Find out yourself and take a photo with the ice age giant.

BIG FAMILY SNOW MAMMOTH

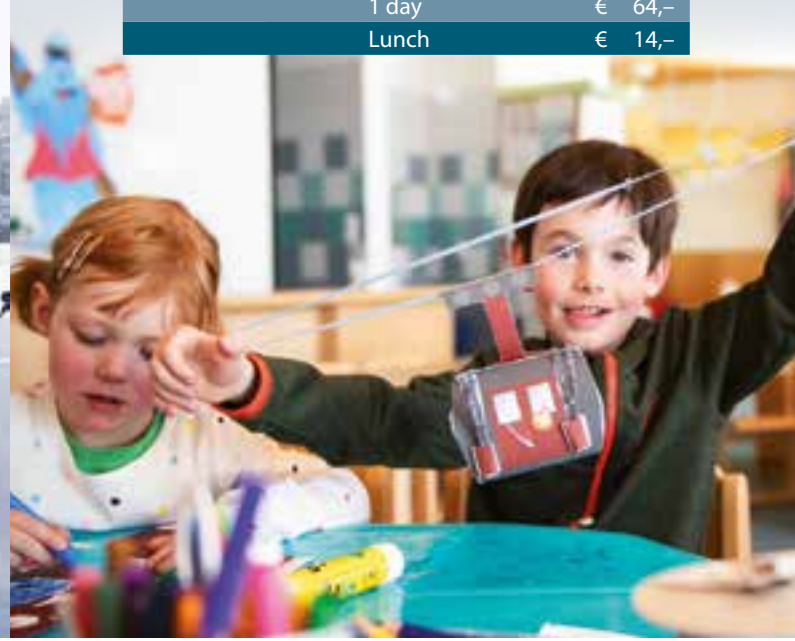

A snow mammoth for climbing, romping and sliding. At Gamsgarten, from February to April depending on snow conditions.

BIG FAMILY KINDERGARTEN

Playing in the snow is fun, even without skis. And when the wind is howling, it is often nice to be indoors. In the BIG Family Kindergarten, kids as young as three can paint and do handicrafts, or take an afternoon nap after eating.

WELCOME

It's getting very busy here with us at BIG Family Ski Camp! Right at the Gamsgarten mountain station you head straight into fun. The conditions here are perfect for making those first turns on your skis. Thanks to BIG Family's mascots Zottel, Bommel and Wollie skiing really is child's play! You really do get to let off steam on the BIG Family Slalom and Boarder Cross, as well as on the BIG Family Fun Slope and the Slopestyle course on the Gamsgarten. Pay a visit to Wollie, the six-metre-tall mammoth made of wood, and make the most of the mammoth photo point to create a cool keepsake!

DO YOU KNOW ABOUT BOMMEL & CO.?

Zottel, the mighty King of the Eternal Ice, has been living on the Stubai Glacier for thousands of years. Zottel is very peaceful and chilled, but really cool too and loves action-packed adventures. But for a long time, he didn't realise that himself until one day during a snowstorm he met the little, courageous, lively and easy to inspire fur ball, **Bommel**. Since then, the two have been inseparable, like father and son. Cuddly giant **Wollie** has only recently thawed. The ice block on the tail of the gentle, dreamy and really funny woolly mammoth lady is reminiscent of this.
